STUDENTS WHO MISSED COOP/HSPT GROUP ADMINISTRATIONS

If you did not take one of the group tests administered in November, 2026, you should contact the high school you want to attend for alternative testing options. Some schools offer HSPT testing sessions for students new to the area, students who missed both group tests, and students just deciding to apply. Other schools may have different admission assessment requirements.

A list of participating schools with telephone numbers can be found on the website njcoopexam.org on the blue link “PARTICIPATING HIGH SCHOOLS“ at the bottom of the page.
